

Workforce Development Solutions

emergeskilled Attract. Develop. Retain.

What is EmergeSkilled?

It's a comprehensive, easy-to-use online platform to connect employers with students who attend high schools, including Career Technical Education (CTE) programs, trade schools, community colleges, certificate programs, and boot camps. Match skills with your needs and opportunities.

How will it help my business?

- **Find Talent/Build a Pipeline**
 - There are currently thousands of students and job seekers on the platform waiting for you to find them. And there are more and more joining every day.
 - Connect with and attract the talent learning the skills you need most for entry-level jobs across diverse industries – from auto tech, construction and welding to energy, health care and robotics, and everything in between. You can promote your employer's brand, post jobs and proactively build pipelines of future talent.
- **Save Money**
 - Thanks to an exclusive partnership with EmergeSkilled, your premium subscription is complimentary through June 30, 2023 – at least a \$500 value. Michigan Chamber members will receive special pricing for all paid levels of the platform starting July 1, 2023 and beyond.

How can I get started?
